

**DOUBLEMME** is a **turnkey solution**: you have a single partner from concept to completion. As a **General Contractor**, we manage every stage of your project — from design and supplier coordination to cost control and site management ensuring guaranteed results, on time and within budget.

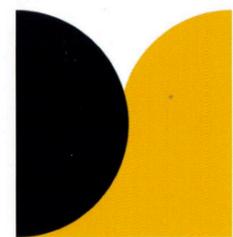

Our integrated approach includes:

- Custom design and development with dedicated architects and designers
- Selection and coordination of trusted suppliers and contractors
- Full administrative management with centralized invoicing
- Work execution to the highest standards and in full compliance with regulations.

**DOUBLEMME** takes full responsibility for the entire project, offering you complete peace of mind.

A comprehensive, turnkey service backed by guarantees of perfect execution, proper operation, and a ten-year warranty.

As a full-service general contractor, we oversee every stage — design, supplier coordination, cost management, and site supervision, ensuring precision, efficiency, and absolute reliability.

## MDI architecture

At MDI architecture, we dedicate our expertise to creating retail spaces, showrooms, offices, and hotels that embody precision and thoughtful design. With years of experience in full project management, we have successfully delivered numerous projects for renowned international retail brands and franchise partners, always ensuring quality and attention to detail at every stage.

We shape environments where design meets purpose. From high-end retail stores to inspiring showrooms, offices, and hotels, MDI architecture brings together meticulous planning and refined craftsmanship. Our extensive experience in turnkey project management has earned the trust of global brands and franchise partners around the world.

MDI architecture turns vision into reality. We create distinctive retail spaces, showrooms, offices, and hotels through smart planning and precise execution. Trusted by leading international brands, our team manages every stage of the process with care, creativity, and technical excellence.

Every space tells a story. At MDI architecture, we invest our time and expertise in crafting retail stores, showrooms, offices, and hotels that reflect the essence of each brand. Our commitment to detail and our deep experience in full-scale project management have made us a trusted partner for some of the world's most recognized names in retail.

**LAB41**  
yourbrandpartner

**LAB41** is more than just a space—it's a vibrant crossroads of ideas, where tradition converges with modernity, and art seamlessly merges with technology. Here, architecture becomes more than a structure; it forms the very foundation of our creative vision.

We are committed to sustainability, embedding innovative solutions to reduce environmental impact into our designs. Harnessing cutting-edge tools like virtual reality, we transform bold concepts into extraordinary, tangible realities.

**LAB41** excels in design and creative solutions, offering bespoke products and redesign interventions for luxury residential spaces and hospitality projects. Each project is conceived to transform spaces and objects into extraordinary experiences, with meticulous attention to detail and contemporary elegance.

We believe in sustainability as a guiding principle: we integrate innovative solutions to reduce environmental impact and bring responsible, contemporary projects to life. With cutting-edge tools like virtual reality, we turn bold concepts into tangible and memorable experiences.
